

## Community Foods Initiative North East (CFINE)

CFINE are a social enterprise that sells fresh fruit, vegetables and healthy snacks to hundreds of customers in the Aberdeen area. They also operate a food bank distributing emergency food parcels to those in need. Surplus from the food industry is redistributed to charities and community organisations.

Fiona Rae, Deputy Chief Executive came along to the BAUK office to receive a donation of GBP1,000 to the charity from Karen Scorgie, Karen McIntosh and Paul Reid.

We continue to support the charity by donating dry goods to the food bank.
